

The War of Undead

Staff agreement

What is this?

This is the staff agreement that every staff must agree to join the staff team. It contains some basic things and you may ask to make a special for you in case of special things.

What does it mean to be a staff?

Being a staff at TWOU (any kind) means that you must be professional at all times when someone not from the staff team is present.

What you can do?

You can swear in all chats (civil rules 3.) but you cannot insult anyone especially as a staff member. You must also follow all the civil rules. You can report a staff member or a civil to an HR and if you have the authority then punish it.

What you can't do?

You cannot insult anyone or break any staff or civil rules. You must respect every staff member (even lower ranks). You cannot ruin the reputation of the server or make false claims. You may share things about the server even if it's bad (as long as it's not leaking anything private) but you cannot say things like "You shouldn't join TWOU because...". You can also not ruin the reputation of the server by raiding a another server. If caught (even if you are not doing this in the name of the server) then you will be terminated immediately. You cannot ask to remove the things you did unless you have permissions from an HR to put your name on it. The it's protected by copyright law so we cannot continue using it. You cannot leak internal things unless you have permissions from an HR.

How can we punish you?

We will not raid you or one of your servers but we may:

- Give you a warning/demotion/termination
- If it violates one of Discord's/Roblox's eula then we may report you
- Warn other servers about your behavior
